

Ref: QS-2021-035: EUSAPHARMA (UK) Ltd – Batch number equivalence

Product: Qarziba (Dinutuximab beta) – Commercial Pack – 4.5 mg/mL – Concentrate for Solution for Infusion – 1 x 1, A00518

Lot Number: 1067644D

Bulk number: 1067644

Qarziba (Dinutuximab beta) vials -free from labelling and packaging- are manufactured by our approved CMO Rentschler. Our CMO attributes a batch number to the naked vials (1067644 in this case).

Qarziba naked vials are then packaged (labelling, addition of leaflet and packaging in box) by PCI Millmount Healthcare. Each Rentschler batch is split in several batches depending on the external packaging required. In order to maintain the traceability but to differentiate each packaged batch, PCI Millmount Healthcare add a suffix (a letter A, B, C, ...) at the end of the batch number. This secondary batch number is linked to an item code (here the code is A00518) in order to permit the traceability on the batch and to respond to different regulatory requirements of the market. The letter D has been attributed to this batch.
